Our Patrons

Our Inspiration...

WABI - SABI

Hara Pitara gifts are a perfect reflection of Wabi-Sabi, a Japanese philosophy that values the nature and recognizes that everything is imperfect, impermanent, and incomplete. By practicing it, one can cultivate a sense of mindfulness, appreciation, and contentment. Enjoy your tea with handmade **Longpi Black stone cup** while taking notes in **Bio-print Diary** made from leaves and enjoying the **Coconut Aromatic Candles**

FIKA

Inspired from FIKA concept from Sweden, Hara Pitara Gifts provide a chance to slow down, recharge, and take a break from the hustle and bustle of daily life. May it be with taking a sip of **Himalayan Herb Tea** or enjoying flavoured coffee in **Bamboo mug** with team while playing **Coconut Kalimba** to give a pleasant break to all around..!

LESS IS MORE

स्वल्प एव भूयस्

Hara Pitara gift hamper curation is guided by this Vedic principle which translates to "Less is More" or "a small amount is sufficient." At Hara Pitara we emphasize on the idea of sufficiency and the value of what is minimal. Be it just a

Coconut Hanging Planter or a **Bamboo Rain Maker** with **Handmade Paper Greeting Card** as a gift hamper packed in **Plastic-Free materials**.
